## Opening Statements

Praise our gratitude to God Almighty, who has bestowed His grace so that the Jurnal Ilmiah Dinamika Rekayasa Volume 22, Number 1, January 2026, can be present to readers. This edition features 10 articles from research in Civil Engineering, Electrical Engineering, Geological Engineering, Industrial Engineering, Informatics Engineering, and Mechanical Engineering. All articles published in 31th January 2026, have passed the review process. The management of articles has followed the standards of national accredited journal governance, and every process is recorded in the Open Journal System (OJS).

We would like to thank the bestary partners who have reviewed the article so that the quality of articles published by the Jurnal Ilmiah Dinamika Rekayasa can be guaranteed with the originality of the work, the novelty, and the quality of the writing. We also thank the authors who have followed every stage of the article management process and entrusted the publication of their research results in the Jurnal Ilmiah Dinamika Rekayasa.

Finally, the research articles published in the Jurnal Ilmiah Dinamika Rekayasa Volume 22 Number 1 January 2026, are expected to be useful references for readers and contribute to the advancement of science and technology.

Purbalingga, January 2026
